Cando

Level 2 EVSE OCPP Charger

- ✓ **Delivers up to 40 miles (64km) of range per hour**
- ✓ **Perfect for daily drivers with higher mileage who want quicker top ups**
- ✓ **Compact charging solution, well suited for apartments workplaces and commercial parking environments**

First time charging?

Here's how to start your session

1. Plug in the charging nozzle
2. **Scan the QR code or head to my.plugz.io to create a user account or checkout as a guest**
3. Add funds (by PayPal or credit card)
4. Activate your session to start charging

To access electricity go to **my.plugz.io** and follow the instructions:

Charging Status

Solid Green: Device is available to use

Flashing Red: Power is flowing

For critical device issues:
Contact your building's property manager
