

Powered by  **PLUGZIO**

Universal Plus

Level 1/Level 2 Submetering Outlet

- ✓ **Simple, consistent overnight L1 (120V) or L2 (240V) charging**
- ✓ **Built for everyday reliability, indoor and outdoor**
- ✓ **Bring your own charging cable, for added flexibility and familiarity**

First time charging?

Here's how to start your session

1. Plug in the charging nozzle
2. **Scan the QR code or head to my.plugz.io to create a user account or checkout as a guest**
3. Add funds (by PayPal or credit card)
4. Activate your session to start charging

To access electricity go to my.plugz.io and follow the instructions:

Charging Status

Cyan: Device is online, and available to use

Rainbow: Charging in progress, power is flowing

For critical device issues:
Contact your building's property manager
